Love the way you live.

If you like design you'll love AdHoc. Our kitchen and living accessories are made to stand out – with expressive design at their core. For those who live their own style, yet never compromise on quality or function. Welcome to AdHoc.

30 YEARS OF DESIGN EXCELLENCE.

Function matters. But it's never been the whole story. From day one, AdHoc has crafted products that do more than work beautifully – they're perfectly designed. And that “day one” was nearly 30 years ago. In 2025, we celebrate three decades in the business.

We've got big plans for the occasion: a bold new visual identity, an even broader product range and a major push in consumer communications. Trust us – the new AdHoc will impress.

HONoured SINCE 1995 – WITH OVER 50 DESIGN AWARDS AND COUNTING.

SIMPLY AWARD-WINNING: DESIGN BY ADHOC.

„Design highlight of 2025? The clean-line coffee collection from the Impact series – featuring French press and pour-over brewers.“

Bernhard Mittelman, AdHoc

AdHoc brings more beauty to everyday life. With elegantly designed salt and pepper mills, stylish tea and coffee accessories, or decorative ideas for kitchens and living spaces – created for lovers of style and design enthusiasts.

Dozens of awards for our products speak for themselves – these ideas resonate. With our retail partners just as much as with the people who use them, in kitchens and dining rooms, on patios and coffee tables across the country.

Every product is designed and developed in-house in Germany, drawing inspiration from styles, trends and design ideas across Europe.

A NEW LOOK. A NEW STANDARD. NEW INVESTMENT.

People love brands. That's why we're strengthening AdHoc with a fresh visual identity. A new brand promise and a major investment in brand communication.

We're reinventing AdHoc – with a bold, cohesive new look and a distinctive visual language. The focus? Squarely on the design of our products.

We're giving AdHoc new energy.

Our new claim, "Love the way you live," speaks directly to our audience and captures the brand's renewed sense of purpose: modern, design-driven and emotionally resonant.

We're investing in AdHoc – because without communication, there's no impact. That means new marketing materials, fresh social media content, an upgraded point-of-sale experience – and, above all, the biggest media budget in our history.

FROM GERMANY TO THE WORLD.

AdHoc is becoming even more international. As part of the DK Household Brands portfolio, we're now making even more waves worldwide – because design lovers are everywhere. And so is the desire for high-quality kitchen and home accessories.

A tomato and a cinnamon stick are partially visible on the left side of the image, resting on a green surface. The tomato is red and the cinnamon stick is brown.

ADHOC. BECAUSE GREAT TASTE DOESN'T STOP WITH ADDING FLAVOUR.

A pepper mill doesn't need to be a design object. It just needs to grind well. Maybe feel good in the hand. But look good? It spends most of its life in the kitchen cupboard. So why bother? Because it does get noticed. On the dining table. In a designer kitchen. At a barbecue with good friends. That's why we put as much thought into the design of our salt and pepper mills as we do into their functionality. Ensuring it's a feast for your eyes as well as your tastebuds.

FEATURE-HIGHLIGHT

CERA CUT®

The high-efficiency ceramic grinder
with 30 years warranty

AdHoc salt and pepper mills are impressive inside and out. It's not just their design that stands out – it's what's inside that truly sets them apart. At the heart of every AdHoc mill is the CeraCut® ceramic grinding mechanism: rustproof, wear-resistant, and engineered for consistently perfect results. Odour- and taste-neutral, it handles pepper, salt and more with precision – winning over professional chefs and passionate home cooks alike. The CeraCut® ceramic grinder by AdHoc: high-performance, top quality – and backed by a 30-year guarantee.

ADHOC. WHEN IT'S NOT JUST THE DESIGN THAT'S ELECTRIFYING.

Cooking isn't just about food – it's about the experience. The aromas. The flavours. The creative process. And it's even better with kitchen tools that make everything easier – like AdHoc's electric salt and pepper mills. You can season effortlessly with one hand and they are so quiet, they won't disturb the moments that matter – whether at the hob or the table. More room for what really counts. With electric mills by AdHoc.

Ad Hoc

LOVE THE WAY YOU LIVE

PEPMATIK COLLECTION. PERFECT SEASONING – AT THE TOUCH OF A BUTTON.

Electric pepper and salt mill in a clean, minimalist design – for precise one-handed seasoning.
Design: AdHoc Design Team.

Key Features:

- Seasoning at the touch of a button, practical one-handed operation
- Continuously adjustable grinding setting from fine powder to coarsely crushed
- LED light for precise seasoning
- Aroma-tight lid closes the mill, protects the salt and pepper and ensures a crumb-free work surface
- Stainless and wear-free CeraCut® high-efficiency ceramic grinder for a perfect grinding result
- Pure flavour of the ground product thanks to the use of the odourless and tasteless CeraCut® grinding mechanism
- 30 years warranty on the CeraCut® grinder
- Batteries incl.

ADHOC. BECAUSE NO SPICE IS LIKE ANOTHER.

Turkish or Thai. Indian or Italian. Every cuisine has its own character – and its own unmistakable flavour. The foundation? Herbs and spices, each releasing their aromas in different ways. Some are best ground. Others sliced. That's why AdHoc offers the right tool for every spice – like our smart spice cutters, designed with razor-sharp blades to handle chillies, cardamom, sesame and more. Unconventional? Maybe. Flavourful? Absolutely.

AdHoc

LOVE THE WAY YOU LIVE

PEPERONE| PEPE. SEASONING AT ITS FINEST.

Our bestseller, reimagined:
iconically shaped chilli cutter with
patented PreciseCut® technology.
Design: Roland Kreiter.

FEATURE-HIGHLIGHT

PRECISE CUT®

With ultra-fine precision blades for maximum flavour release.

Details make a difference. Not just when choosing herbs and spices, but in how they're prepared. To unlock the full aroma of fennel, chilli and the like, some ingredients need to be cut – not ground. That's exactly what AdHoc's patented PreciseCut® technology does. Its specially engineered stainless steel blade features razor-sharp teeth that slice herbs and spices into ultra-fine pieces. The result? Pure aroma and a completely new flavour experience.

ADHOC. TURNING EVERY KITCHEN INTO A DESIGN STATEMENT.

Design inspires – not just when furnishing a space, but also when cooking. That's why design is at the heart of every AdHoc kitchen tool. Whether it's street food, bowl culture or fusion cuisine, every dish begins with the same impulse: the desire to create something new. Our designers embrace that impulse – crafting kitchen accessories that inspire, captivate and spark a passion for the extraordinary.

AdHoc

LOVE THE WAY YOU LIVE

AROMAPOUR COLLECTION. BECAUSE GREAT TASTE BEGINS BE- FORE THE FIRST BITE.

ADHOC. BECAUSE HOME SHOULD LOOK AND FEEL BEAUTIFUL.

A beautiful home isn't a luxury – it's a basic human need. People have always taken pride in making their homes warm and welcoming. And design is at the heart of it all. Because great design is more than decoration – it's distinctive, personal and a true reflection of who we are. That's the spirit behind AdHoc's home accessories. They bring character to kitchens, living rooms and patio tables – turning everyday spaces into favourite places.

ADHOC. COFFEE CULTURE AT ITS FINEST.

Fascination. Passion. A daily ritual. Coffee can be so much more than just a morning pick-me-up. But perfect flavour calls for more than the right beans – it needs the right tools too. Tools that unlock the full aroma of the coffee and reflect your personal sense of style. Like the coffee accessories from AdHoc. Designed to bring beauty into your kitchen and living space – and a smile to the faces of coffee lovers, even first thing in the morning.

Ad Hoc

LOVE THE WAY YOU LIVE

Award-winning designer coffee grinder with 6 grind settings and a ceramic grinding mechanism.
Design: AdHoc Design Team.

Key Features:

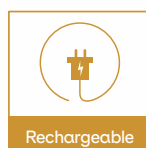

- Stainless and wear-free CeraCutXL® high-efficiency ceramic grinder so you end up with more quantity and aroma
- Pure flavour thanks to the use of the odourless and tasteless CeraCutXL® grinding mechanism
- 30 years warranty on the CeraCutXL® grinder
- The external Precise+® precision adjustment offers 6 perfectly tuned grinding settings, from powder fine to coarse
- Ergonomic crank for effortless and continuous grinding
- Removable collection container for approx. 25 g | 0,88 oz. ground coffee and flavour protection at the same time

I.MILL. FULL FLAVOUR – AT THE TOUCH OF A BUTTON.

Rechargeable electric coffee grinder
with USB-C cable – for effortless
grinding and full flavour.
Design: Robert Franzheld.

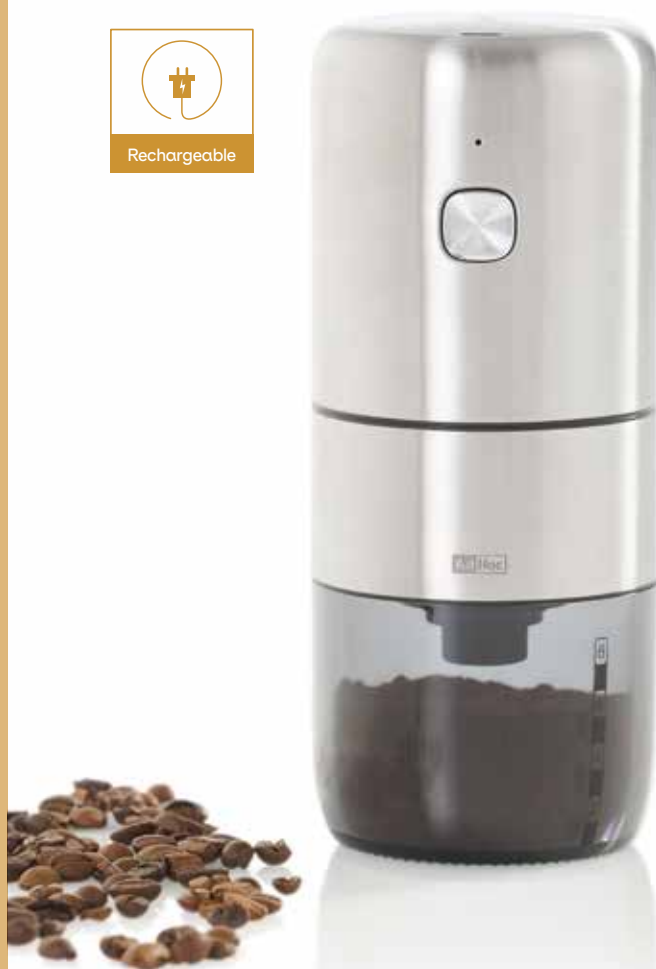

Key Features:

- Rechargeable (lithium battery),
incl. USB-C charging cable
- Grinding at the touch of a button thanks
to the start-stop function, for a quick
grinding result without loss of flavour
- Continuously adjustable grinding
setting from fine powder (espresso)
to coarse (FrenchPress)
- High-performance motor with
SilentDrive for a pleasantly quiet
grinding process. Motor stops
automatically when the grist
container is empty
- Minimalist battery charge indicator
- Stainless and wear-free CeraCutXL®
high-efficiency ceramic grinder so you
end up with more quantity and aroma
- Pure flavour thanks to the use of the
odourless and tasteless CeraCutXL®
grinding mechanism
- 30 years warranty on the CeraCutXL®
grinder
- Grinding container with approx. 30 g |
1,06 oz. capacity / 4 portions
- Spacious container with measuring
unit for approx. 60 g | 2,12 oz. ground
coffee / approx. 8 portions
- SelfClean technology cleans the
grinder automatically by grinding in
the opposite direction after the
grinding process
- Not dishwasher safe

Twice the tea pleasure:
set of two tea glasses made from
double-walled borosilicate glass.
Design: Roland Kreiter |
AdHoc Design Team.

Key Features:

- Heat resistant borosilicate glass
- Made of mouth-blow glass, each piece is unique
- Absolutely taste-free material
- Suitable for fine teas like rooibos, the micropores prevent particles from getting into the liquid
- In Scandinavian design, round bodied, fits the hand nicely

TEA ENJOYMENT – FROM START TO FINISH.

A feast for the eyes: stylishly designed teapot made of borosilicate glass, featuring a fine filter and smart lid. Design: AdHoc Design Team.

Key Features:

- Heat resistant borosilicate glass, absolutely taste-free
- Large fine infuser for optimum aroma development even of large-leaf teas
- Suitable for fine teas like rooibos, the micropores prevents particles from getting into the liquid
- Convenient removal of the fine infuser at the handy edge
- The lid also serves as a drip stand, which collects the drops after use

ADHOC. WHERE FINE WINE MEETS GOOD DESIGN.

Wine lovers are discerning. They savour the ritual of decanting. They appreciate the bouquet, the body, the character. And they value the visual experience just as much as the taste. That's where AdHoc's wine accessories come in – designed for cooling, opening, decanting and pouring. Because true pleasure begins long before the first sip. With AdHoc, good wine becomes an unforgettable experience – through design that makes every moment even more special.

AdHoc

Keeps wine aromatic for longer:
clever vacuum pump that removes
excess oxygen from the bottle.
Design: Robert Franzheld.

Key Features:

- Stops the oxidation process of the wine and saves its aroma for longer lasting flavour and freshness
- By moving repeatedly up and down, air slowly gets pumped out of the bottle
- Easy handling, remains on the bottle and seals it airtight, safely and cleanly
- Extremely flat, ideal to keep in the refrigerator door

ARCTIC COLLECTION. STAYING COOL HAS NEVER LOOKED THIS GOOD.

High-quality cooling sleeve for long-lasting chill – fits standard 75 cl | 25,36 fl.oz. bottles.
Design: Robert Franzheld.

Key Features:

- For more pleasure: Keeps the cooled wine at serving and drinking temperature for 2 to 3 hours
- ArcActiv cooling technology, cools room-temperature wine to the ideal drinking temperature within 20 minutes for long-lasting cooling, also for on the go
- EasyFit system - suitable for standard 75 cl wine, sparkling wine and champagne bottles
- Encloses the bottle including the bottle neck up to 90 % and thus ensures optimum cooling performance
- Hard-wearing synthetic fibre fabric for particularly high durability
- Also suitable for keeping water or other drink bottles cold
- Space-saving design, Arctic can be folded flat and hardly takes up any space in the freezer or cupboard
